RE: Mancuso v. Calif. State Coastal Conservancy, et al.  
LASC No. BS 040197

Dear Mr. Abshez:

Enclosed please find a copy of draft 6 of the Settlement Agreement. This draft responds to the proposals in your draft 5 of the agreement. The following are my comments with respect to the specific provisions in your draft and an explanation, by extension, of the rationale behind the provisions in my draft 6.

Section I: I have retained footnote 1 from draft 4. This footnote was your idea and I think it is a good one.

Section III, § 1: I do not believe that the Easement is limited to pedestrian access.

Section III: § 2: I agree with your change.

Section III, § 3: I agree with your change.

Section III, § 4: This paragraph is unnecessary.

Section III, § 6: I have attempted to accomodate your proposal in my paragraph.

Section IV., § 1: The Conservancy staff, I believe, will not support anything less than a dismissal with prejudice. There is no point to settling this case, in their view, if we cannot get rid of the petition.

Section IV, § 2: The phrase "use and enjoy" is unnecessary and the study will not include the subjects discussed in your second paragraph.

Section IV, § 3: In this paragraph and throughout your draft, you "automatically terminate" the Agreement because of one happening or another. I do not agree with this concept. The agreement remains in full force. Only the remaining obligations are excused.

Section IV, § 4: You have omitted the word "currently". We are only making a determination at this particular point in time not forever.

Section IV, § 5a (1): The Conservancy expects that the letter of credit for \$60k and the one for \$100k will be forthcoming at the same time. In addition, I believe the standards for the Executive Officers declaration should be clearer. Please see my draft 6 in this regard.

Section IV, §5b: The Conservancy wants damages to be available if Mancuso and Wildman do not submit timely applications. The Conservancy is not investing in the study or this course of conduct just to be left high and dry if Mancuso or Wildman suddenly change their minds.

Section IV, §5c: The Conservancy has no objection to the notion that the parties obligations be relieved if the Conservancy does not timely file its applications. However, as discussed above, the Agreement does not terminate. Only, the remaining obligations are excused.

Section IV, §6: The Conservancy does not see this process as a sale of the easement. Instead, it envisions the process as one in which one public access opportunity is substituted for another. As a result, there is no need for an escrow officer and the reconveyance does not occur upon the payment of money but rather upon the issuance of a permit from the Coastal Commission. Given that the Commission is likely to condition issuance of the permit upon some sort of assurance that an alternative access program is or will likely be in place before reconveyance, it is anticipated that some time may pass from approval of a permit and its actual issuance. Because the value of the \$978,000 contribution from Mancuso and Wildman to the alternative access program will diminish over time, my draft 6 envisions deposit of the \$978,000 contribution into the endowment account upon Coastal Commission approval so that interest may be earned on that sum while the conditions to issuance of the permit are fulfilled.

Section IV, §7: See comments above.

Section IV, §8: As discussed above, the letter of credit regarding litigation should be obtained first. Moreover, the litigation with which the Conservancy is concerned does not just involve the reconveyance but the conditions to that reconveyance

SETTLEMENT AGREEMENT

I.

PARTIES

This settlement agreement is made by and among the State Coastal Conservancy (hereinafter "Conservancy"), the Department of General Services (hereinafter "Department"), the Mountains Recreation and Conservation Authority (hereinafter "Authority"), Donohue Wildman (hereinafter "Wildman") and Frank Mancuso, Sr. (hereinafter "Mancuso") and their Related Entities<sup>1/</sup>

II.

EFFECTIVE DATE

The effective date of this Agreement is the date on which it is last executed by a party to this Agreement.

III.

DESCRIPTION OF DISPUTE

This Agreement is made with reference to the following facts:

1. The Conservancy is the owner of a recorded approximately 10 foot wide non-exclusive easement which permits the public the right to pass and repass across the real property located at

---

1. For purposes of this Agreement, "Related Entities" shall be defined as Mancuso and Wildman's predecessors, successors, assignees, administrators, legal representatives, joint venturers, partners, agents, members, attorneys, officers, directors, employees, shareholders, affiliates, associates, parent entities, subsidiary entities (whether or not wholly owned), and their officers, directors, employees, shareholders and affiliates, and any other representative of Mancuso.

27910 and 27920 Pacific Coast Highway, Malibu, Los Angeles County, California from Pacific Coast Highway to the mean high tide line of the Pacific Ocean. (A copy of that recorded easement is attached hereto and incorporated by reference herein as Exhibit A, hereinafter the "Easement".)

2. Mancuso is the owner of the real property located at 27920 Pacific Coast Highway. A portion of the Mancuso property is burdened with the Easement.

3. Wildman is the owner of the real property located at 27910 Pacific Coast Highway. A portion of the Wildman property is burdened with the Easement. This property is also burdened with a recorded offer to dedicate a portion of the property for public parking purposes. (A copy of that recorded offer to dedicate is attached hereto and incorporated by reference herein as Exhibit B, hereinafter the "Offer".)

4. Mancuso has filed a petition for writ of mandate (Los Angeles Superior Court No. BS 040197, hereinafter the "Action"). This action seeks a writ commanding the Conservancy to set aside a May 16, 1996 decision approving the expenditure of funds for a study of the cost of making the physical improvements necessary to allow the public to pass from Pacific Coast Highway along the Easement to the mean high tide line of the Pacific Ocean.

5. Mancuso alleges in the Action that the Conservancy in rendering this decision violated his due process rights, failed to adequately scope the study, violated statutory notice

DRAFT 6

requirements and the provisions of the California Environmental Quality Act (hereinafter "CEQA"). The Action also seeks to set aside a Conservancy decision approving the expenditure of funds for a 20 year property management agreement between the Conservancy and the Authority for management of the Easement on grounds the decision was improperly noticed and failed to properly comply with CEQA. Last, the Action alleges that the Conservancy and the Department failed to comply with Public Resources Code section 31107.1.

6. The Conservancy, the Authority and the Department deny that any of their actions described in paragraphs 3 and 4 supra violated Mancuso's due process rights, any statutory rights to notice or any provision of CEQA. The Conservancy and the Department, likewise, deny that they have in any way violated the provisions of Public Resources Code section 31107.1.

7. Notwithstanding the existence of this dispute between the Conservancy, the Authority, the Department and Mancuso regarding the allegations in the Action, all parties <sup>2/</sup> to this Agreement wish to reach a full and final settlement of all matters, causes of action and claims which have been raised or which could have been raised, now or in the future, and which arise out of the facts set forth in paragraphs III. 1 through 6

---

2. Wildman has not been named in the action described in this Agreement, however, he believes that if the dispute is not resolved he, too, will become involved in litigation with the Conservancy, the Department and the Authority.

IV.

TERMS OF THE AGREEMENT

The parties to this Agreement, in consideration of the mutual covenants and agreements to be performed, as set forth below, agree as follows:

1. Dismissal of the action. Within ten (10) days of the execution of this Agreement, Mancuso shall provide counsel for the Conservancy, the Department and the Authority with a fully executed request for dismissal with prejudice of the Action in the form of the document attached hereto and incorporated by reference herein as Exhibit C. Upon receipt of the executed request for dismissal with prejudice, the Conservancy shall file the dismissal with the Clerk of the Superior Court of Los Angeles County and shall provide Mancuso with a conformed copy of that dismissal.

2. Cost Study. The Conservancy shall complete a study of the cost of constructing the physical improvements necessary to allow the public to move from Pacific Coast Highway to the mean high tide line on the Easement (hereinafter "Improvements").

3. Public Resources Code Section 31404 Determination.  
No later than December 19, 1997, the Conservancy shall determine,

pursuant to Public Resources Code section 31404, whether the benefits of public use of the Easement are outweighed by the cost of constructing and maintaining the Improvements to the Easement. If the Conservancy finds that the benefits of public use of the Easement outweigh the cost of constructing and maintaining the Improvements, no party shall have any further obligations under this Agreement.

4. Alternative Access Program. If the Conservancy finds that the benefits of public use of the Easement do not currently outweigh the cost of constructing and maintaining the Improvements, the Conservancy staff shall study what alternative access programs could be adopted currently to provide the same or better public access benefits in Malibu than the Easement. Upon completion of the alternative access program study and no later than January 31, 1998, the Conservancy shall determine whether a \$978,000.00 private contribution in combination with other public funds would enable it to create an alternative access program which provides the same or better public access benefits in Malibu than the Easement. If the Conservancy makes no such determination by January 31, 1998 or if the Conservancy finds that, with a \$978,000.00 private contribution in combination with other public funds, no alternative access program could be adopted currently to provide the same or better public access benefits in Malibu than the Easement, the parties shall have no further obligations under this Agreement. If the Conservancy

DRAFT 6

finds, on or before January 31, 1998, that a \$978,000.00 private contribution in combination with other public funds would enable it to create an access program which provides the same or better public access benefits in Malibu than the Easement (hereinafter, the "Determination"), then the parties shall take the actions described in paragraph IV. 5 hereof.

5. Implementing Actions.

Within twenty (20) days of the date of the ~~Conservancy Determination described in paragraph IV.4,~~ Mancuso and Wildman shall deliver to the Executive Officer of the Conservancy an irrevocable letter of credit from an institution acceptable to the Conservancy in the sum of \$60,000.00. DRAFT 6

Said letter of credit shall be subject to the laws of the State of California, shall be automatically renewed every five years and shall be due and payable to the Conservancy upon the bank's receipt of a declaration under penalty of perjury from the Executive Officer of the Conservancy stating that litigation had been commenced against the Conservancy as a result of the Conservancy having entered into this Agreement and stating any of the following: (i) that Wildman has failed to file the application within the time and in the manner set forth in paragraph IV.5(e) of this Agreement; (ii) that Mancuso has failed to file the application within the time and in the manner set forth in paragraph IV.5(f) of this Agreement; and (iii) that Mancuso and Wildman have failed to pay \$978,000.00 within the time and in the manner specified in paragraph IV.5(g) of this Agreement; or (iv) that the Conservancy received a letter from Mancuso requesting termination of this Agreement. (A copy of the form of that letter of credit is attached hereto and incorporated by reference herein as Exhibit

- iii. Transfer of \$82,000.00 in the Coastal Commission's Malibu Access Account into the endowment account to be used by the Conservancy to implement the above described alternative access program.

In the event the Conservancy fails to timely meet its obligations under this subparagraph, the parties shall have no further obligations under this Agreement and the Conservancy shall, within ten (10) days return the letters of credit described in paragraphs IV. 5 (a) & (b) to Wildman and Mancuso.

d. Within thirty (30) days of its receipt of said letters of credit, the Conservancy shall submit to the Director of General Services a request for approval to relinquish the Easement. f. Within thirty (30) days of ~~the date the Conservancy makes the Determination described in paragraph IV. 4,~~ Mancuso, in conjunction with the current beneficiary of the Coastal Development Permit No. 5-89-1197 (Black Tor), shall submit an application to the California Coastal Commission to amend condition 1(b) to that permit to permit the Conservancy to apply the funds in the Black Tor account to the development and maintenance of public accessways in areas of Malibu apart from Escondido Beach.

g. Within thirty (30) days of the date the Department approves relinquishment of the Easement and the California Coastal Commission has approved, with or without conditions, permits:

(i) authorizing relinquishment of the Easement and deletion of the Offer;

(ii) authorizing transfer of the balance in the Black Tor account into an endowment account to be used in conjunction with the \$978,000.00 provided

by Mancuso to open and maintain accessways in Malibu;

(iii) authorizing transfer of \$82,000.00 in the Malibu Access account into said endowment account;

(iv) authorizing amendment of permit No. 81-35 to delete the permit condition requiring the Offer; and

(v) authorizing deletion and substitution of condition 1(b) to Coastal

with a condition enabling the

Conservancy to apply the funds in

the Black Tor account to the

development and maintenance of

public accessways in areas of

Malibu apart from Escondido Beach,

the Conservancy shall by letter give notice to Mancuso and Wildman of those facts and designate the entity to whom Mancuso and Wildman shall pay the sum of \$978,000.00. Unless prohibited from doing so by a court order, within thirty (30) days of the date that letter is sent by certified mail, Mancuso and Wildman shall, by cashier's check, pay to the entity identified in the above mentioned written notice, the sum of \$978,000.00. h. Unless prohibited from doing so by a court order, no later than thirty (30) days after the California Coastal Commission has issued the permits described in paragraph IV. 5(g) above and after the \$978,000.00 is deposited by the entity identified in the above mentioned written notice, the Conservancy shall provide Mancuso with an executed quitclaim deed in recordable form conveying to him the Easement burdening his property. (A copy of the form of that deed is attached hereto and incorporated by reference herein as Exhibit F.) Within the same period of time, the Conservancy shall provide Wildman with an executed quitclaim deed in recordable form conveying to him the Easement burdening his property. (A copy of the form of that deed is attached hereto and incorporated by reference herein as Exhibit G.) In the event, a final judgment by a court of competent jurisdiction precludes: (a) the Conservancy from

DRAFT 6

conveying these deeds; or, (b) the California Coastal Commission from issuing the permits described in paragraph IV.5(g) of this Agreement; or, (c) the Department from approving conveyance of the Easement, then, within thirty (30) days of the date it receives written notice of said judgment, the Conservancy shall return the \$978,000.00 plus any accrued interest to Mancuso and Wildman and the parties shall thereafter have no further obligations under this Agreement.

6. harm to the Conservancy that reasonably could be anticipated and  
the anticipation that proof of actual damages would be costly or  
inconvenient. In placing their initial below, each party  
specifically confirms the accuracy of the statements made above

7. In the event the contingencies necessary to permit payment of the \$978,000.00 have not occurred by January 31, 2,000, then, upon the written request of Mancuso and Wildman or the Conservancy, this Agreement may be terminated. Should Mancuso and Wildman request that the Agreement be terminated, Mancuso and Wildman hereby acknowledge that the Conservancy is entitled to reimbursement by Mancuso and Wildman for its expenses incurred as a result of having entered into this Agreement in the amount of \$60,000.00 if no litigation has been commenced against the Conservancy as a result of its having entered into this Agreement. If litigation has been commenced against the Conservancy as a result of its having entered into this Agreement and Mancuso and Wildman request termination after January 31, 2000, Mancuso and Wildman hereby acknowledge that the Conservancy

is entitled to reimbursement by Mancuso and Wildman for its expenses incurred as a result of having entered into this Agreement in the amount of \$160,000.00. Should the Conservancy determine to request termination of this Agreement, it shall return the

letters of credit described in paragraph IV. 5(a) & (b) of this Agreement to Mancuso and Wildman.

8. It is acknowledged and agreed by the parties that paragraph IV. 5 refers to certain decisions and actions of the Conservancy by specific dates and ~~that paragraph IV. 10~~ refers to decisions and actions of the California Coastal Commission and the Department. It is further acknowledged and agreed by the parties that notwithstanding the Conservancy's obligation under this Agreement to make a decision by a specific date, nothing in this Agreement compels the Conservancy, the Commission or the Department to make a decision in any particular way and that each such decision constitutes an exercise of the independent discretion of the Conservancy, the Commission and the Department under the laws of the State of California.
